

NEW

YOU-ON

**THE NEW MULTI ADAPTOR FROM
FANTON**

FANTON is glad to introduce its new multi adaptor with patented design to be used with British, Schuko and Italian standard plugs.
Available with 16A plug.

The adaptor gives the possibility to place the mobile phone thanks to a little support, perfectly integrated in its elegant and linear shape.

MADE IN

ITALY

The product is suitable to be used with double insulated tools.

**ANTIBACTERIAL
LINE** 

The adaptor is available also in antibacterial material. Please visit our page <http://http://linea-antibatterica.fanton.com/?lang=en> for all further information.

THE PACKAGING

The transparent bag allows the plain view of the product. Euro-hang hole permits easy hanging up on hooks.
